

SHERLY EDRIANA PHILIP

A software engineer graduate with project management experience gained through K-Youth on-job-training program. Demonstrated web development skills such as HTML,CSS,JavaScript, PHP, and MySQL during an internship. Eager to leverage my skills to contribute to the company.

Work Experience

K-Youth Apprentice(Software Developer) | Contract PERSOLKELLY Malaysia

Sep 2023 - Dec 2023

- Assigned tasks to group members.
- Planned a project timeline Gantt Chart using MS Excel.
- Organized meetings with group members and the host company using Google Meet.
- Created a flowchart for teacher dashboard using Draw.io.
- Successfully produced a mockup prototype for student record management system using Figma.

Web Developer Intern Trainee

Sabah State Computer Service Department

Mar 2021 - Aug 2022

- Actively participated in project planning, client meetings, and requirement gathering.
- Designed and developed the E-Researcher System for the Sabah State Archive.
- Created a comprehensive user manual to guide users in effectively understanding and using the system.
- Conducted successful Zoom demonstrations for clients to familiarize them with the E-Researcher System's functionalities.
